

STRATHCONA NEWS

A SHORT SESSION OF THE CITY COUNCIL.

Meeting Last Night Did Little More Than Routine Business, Owing to the McIntyre Riot, held at the Strathcona Hotel.

Owing to the McIntyre riot, the regular session of the city council last night was a short one.

The entire board was present with the exception of Alderman Crawford. After reading minutes and other communications were taken up.

From D. Adams, Education, asking for a light on the subject of the McIntyre riot, and a resolution was passed.

Boyle & Parlee, stating that they had been driving into a ditch and asking for recompense.

From Mayor Mills, enclosing agreements to C. & E. Townsends Company for the purchase of land for city purposes.

From J. L. Strohman, enclosing a letter to the board, and a resolution was passed.

From J. L. Strohman, enclosing a letter to the board, and a resolution was passed.

KAISER ON THE PRESS.

Urges Newspaper Men to Help on Peace Movement.

London, Nov. 18.—Kaiser Wilhelm, when coming to London today from Windsor castle to receive numerous deputations at the German embassy, was specially cordial to the newspaper men, who presented him with an address.

His Majesty said: "The power you wield is great and most beneficial. You exerted in the direction of promoting feelings of friendship among the nations. Your address proves that you have this task at heart. I am glad to meet you, and I hope you will continue to foster the friendly relations between our two nations, which are so necessary to the peace of Europe. We are of the same race and speak the same language, which should bring us together to keep us in harmony and friendship."

In conversation with the newspaper men the emperor emphasized the great influence of the newspaper in doing away with misunderstanding which runs from time to time. He added that he thought what was needed was simply a little good sense on both sides.

Regarding Anglo-German relations, His Majesty deprecated any such much importance to the utterances of exaltation.

SOCIETY OF EQUITY'S RELATION TO LABOR

Members at Meeting in Calgary Divided on Co-Operation—R. C. Owens, Edmonton, Elected President.

Calgary, Nov. 18.—On Saturday the third annual convention of the Canadian Society of Equity was closed.

The morning session discussed relations with the Trades and Labor Congress. Brother Wood strongly recommended that the society refrain from co-operation with the labor union, and account of principles involved, agreed that the farmer was an employer of capital, several other members agreed, with the result that the resolution which appeared in Saturday's Alberta was turned down, as being too strong for the first step. Most of the members, however, were in favor of co-operating with the union men, and another resolution was drawn up of a much milder nature, and was carried by a large majority. Brother Wood again objected, saying the union men have everything to gain, the farmers are getting nothing, and, further, the co-operation would be no good to the farmer. The convention, however, for the first time in the history of the labor movement in Canada the farmers represented by the Canadian Society of Equity and the Trades and Labor Congress of Canada, have seen fit to exchange fraternal delegates for the purpose of uniting their interest; and therefore be it resolved that the society shall maintain the position and attitude of the Trades and Labor Congress of Canada, and pledge itself to affiliate, co-operate, and do everything in our power to wrest control of government from the hands of the ruling class, and promote the unity of purpose between the farmers and industrialists of Canada; and be it further

Resolved, that the delegates of the Canadian Society of Equity here assembled report back to their respective local, writing a demand for the union label upon all manufactured goods, including printing of all labels purchased by members of this society.

Copies of this resolution to be forwarded to P. M. Draper, secretary of the Trades and Labor Congress of Canada; to our official organ, The Great West, Edmonton, and to the labor press.

The Other Position.
Those in favor of co-operation with the Trades and Labor Congress had the following resolution drawn up, and was not accepted:

Whereas, the majority of the delegates of the Canadian Society of Equity present at our annual meeting on Saturday, Nov. 16, committed our society to the policy

(1) Of boycotting certain papers on account of their management of our own business.

(2) To the principle of a socialist and other principles, that our society has not declared in favor of, and that we do not desire to have our best interests of the farmers; and

Whereas, our local union not having considered the principles, should have been consulted before this action was taken; and

Whereas, we believe that some of the members present were unduly influenced by the visiting delegates of the Trades and Labor Congress, and that we do not give the same weight to any real consideration for the best interests of the farmers, but delegate a disposition to force us to sacrifice every personal interest to the interests of the labor union organization; and

Whereas, we believe the whole purpose of the Canadian Society of Equity before the world is a failure, and that we do not give the same weight to any real consideration for the best interests of the farmers, but delegate a disposition to force us to sacrifice every personal interest to the interests of the labor union organization; and

Resolved, that we, the undersigned delegates, having used our utmost endeavor to ward off this issue, do not take this opportunity of expressing our deep regret that it has been given, and further, that we declare that we cannot affiliate a farmer society, from which all the fundamental principles of its interest have been taken.

The next annual convention will be held in Calgary during the third week of July.

The resolution committee, as well as the convention, endorsed the following resolution:

Whereas, the Trades and Labor Congress of Canada has extended to the Canadian Society of Equity the privilege of sending an anti-representative, and the delegates of the Canadian Society of Equity have accepted this privilege, and have agreed to attend the third annual convention; and

Whereas, Mr. Pettigrew has shown a disposition to affiliate with the Trades and Labor Congress, and to our Society of Equity the olive branch of peace; and

Whereas, the Trades Congress representative, and the delegates of this convention assembled, feel that there are many things of common interest to the farmer and the laborer, and therefore

Resolved, that it is the sense of this convention that the Canadian Society of Equity should cultivate more friendly relations with the trades and labor unions of Canada, and make a careful study of their common interests, with a view of united action on common ground.

The Officers Elected.
The first business in the afternoon was the election of officers for the coming year, and after careful consideration the following were chosen: President, A. C. Owens, Edmonton; vice-president, A. W. Melnick, Calgary; secretary, J. J. Kinn, Edmonton; treasurer, J. J. Kinn, Edmonton; and J. J. Kinn, Edmonton; and J. J. Kinn, Edmonton.

A letter was sent to R. P. Pettigrew to the effect that the farmers belonging to the Society of Equity would participate with the labor men in demanding the union label; also not to patronize a number of Winnipeg publishing

houses, who did not comply with the union demands for the label.

For the shipment of seed grain a committee was appointed to interview the deputy minister of agriculture, to see what could be done in this matter.

The discussion on holding out of fair prices, was instrumental in having the following resolution passed: That should be done in this matter to farmers in keeping in touch with the market.

That all locals in a district, on receiving a shipping point contain with the local at said point, should be raised and arrange telegraphic communication with the grain prices.

Whereas, the local at said point, should be raised and arrange telegraphic communication with the grain prices.

Whereas, the local at said point, should be raised and arrange telegraphic communication with the grain prices.

Whereas, the local at said point, should be raised and arrange telegraphic communication with the grain prices.

Whereas, the local at said point, should be raised and arrange telegraphic communication with the grain prices.

Whereas, the local at said point, should be raised and arrange telegraphic communication with the grain prices.

Whereas, the local at said point, should be raised and arrange telegraphic communication with the grain prices.

Whereas, the local at said point, should be raised and arrange telegraphic communication with the grain prices.

FROM DAY TO DAY

THE HEART'S DESIRE.

The Heart's Desire had led me in barren lands and vain.

And better bread she ate the use, and made me drink of pain.

The Heart's Possessed, beside me leads me a level way.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

The Heart's Possessed had led me in barren lands and vain.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

The Heart's Possessed had led me in barren lands and vain.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

The Heart's Possessed had led me in barren lands and vain.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

The Heart's Possessed had led me in barren lands and vain.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

The Heart's Possessed had led me in barren lands and vain.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

The Heart's Possessed had led me in barren lands and vain.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

The Heart's Possessed had led me in barren lands and vain.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

The Heart's Possessed had led me in barren lands and vain.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

The Heart's Possessed had led me in barren lands and vain.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

The Heart's Possessed had led me in barren lands and vain.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

The Heart's Possessed had led me in barren lands and vain.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

The Heart's Possessed had led me in barren lands and vain.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

The Heart's Possessed had led me in barren lands and vain.

From all my heart I love her, and I love her more each day.

So my eyes are clear, and at my side her form must abide, for the object of this marriage.

AROUND THE CITY

LOCALS.

The tickets are out for a sumohe social in the I. O. O. F. hall on Monday evening.

The executive of the Senior Hockey club will meet at the club after-noon in the Edward club rooms.

The Retail Clerks' Protective Association will hold a social at the Grand Hotel, at 8 o'clock this evening.

The average bounty paid per day on wolves by the government is \$1.00, the first of the month has been eighty dollars.

S. Edwards, the manager of government telephones, is in Lloydminster looking after the installation of the service there.

A meeting of the executive of the Edmonton Young Men's club will be held in the club rooms at 8:30 o'clock Monday evening.

A. J. Richards, the government inspector of telephones, returned from Vermilion last night, after inspecting the lines between there and Vegreville.

There will be a social meeting of the Y. W. C. A. on Thursday evening, November 28, in the Y. W. C. A. parlors, to discuss plans for the winter work of the society. All the members and those interested are requested to be present.

There will be a Sunday Oyster social in L.O.O.F. hall on Monday evening, Nov. 25, given by the Lady Macabees of this city. The object of the effort has been put forward to make it a success.

The benefit being given to the Wanderer Hockey club on McKewen, the hymnists, is entirely for the benefit of the concert which will be held early in December under the auspices of the Edmonton senior high school. This latter entertainment will be given by a company of four high class entertainers.

D. S. MacKenzie, "There ought to be two electric light, and one on the corner of Hardisty and Sixth streets, and another on the corner of the government building. A person is apt to fall and be hurt going down the steps towards the river, and the city might have to pay heavy damages if such a thing occurred."

The Upper Canada Bible Society, the Canadian Auxiliary of the British and Foreign Bible Society, is holding a service in the city. The object of the society is the circulation of the Bible among the people of all nationalities in the city and district. It will require \$1000 to establish a district office in the city, and subscriptions for this purpose are being secured.

For the children's concert in the separate school hall on Friday evening the hour has been fixed at 7:30, so that the little people taking part may not be kept out in the cold. They have shown considerable talent in these taking part in the juvenile operetta, as well as in their rapid and the sparkling dramatic number, "My Aunt's Heir."

Harry T. Finch, of the Penderon Hotel, has been called to Winnipeg on business, in connection with the case of the additions to the hotel which will be necessary under the new liquor law. It is the intention of those interested with Mr. Finch to make such alterations and additions to the Penderon as will make it up to date in every respect. The work will likely be taken up as soon as the New Year will be practicable so as to be ready for the spring season.

A recent visitor to the Peace River Crossing writes "At the crossing we were informed that a herd of wild horses ranges the country all the way from the Peace River. They number hundreds and are descendants of horses which escaped from Hudson's Bay Company many years ago. These animals are said to be very tame."

An effort was made to round them up last winter, but with little success. Aided by the deep snow the Indians managed to run down four of these animals, which are led by a gigantic stallion. Two of them are now at the Fort, but the other two could not be subdued and were given their liberty.

CANDIDATES SPEAK.

The regular meeting of the Trades and Labor Council was held Monday night. The session lasted until nearly midnight and much business was transacted, but most of it was not given out for publication. The new-organized miners' union delegates made their first appearance on the council. As a result of the unanimous vote of the miners a suggestion was made that the different unions of the city should consider contracting for the benefit of their members, with mine companies fair to the miners' union. A call for the election of delegates from all trade councils, labor unions, stock and bondholders and other bodies interested in the labor movement, to be held in Calgary on Saturday, December 14th, was received, and Brothers T. R. Weisman, J. H. Hiley and Springfield were appointed to represent the council. Mr. Travis Barker, president of the East, East Radium Association, and Mr. J. G. Galt, president of the Radium Association of the short association for aldermen holders in the forthcoming municipal election, were also present. They were permitted to address the delegates. They paid much attention to the two planks in their platform which concerned the working people of the city. In reply to a question, both Messrs. Galt and Hiley said they were in favor of the abolition of the property qualification for holding office and pledged themselves accordingly. The council are now waiting for the city council's action on their petition for the tenants' franchise.

PERSONAL.

G. W. Donald, Lehigh, is at the Penderon Hotel.

McIntosh has returned from Brandon.

O. Collette, Calgary, is a guest at the Queen's.

G. McHugh, Wetaskiwin, is in the city stopping at the Queen's.

E. M. Milward, Winnipeg, is in the city a guest at the Castle.

A. Grant, Clover Bar, is in the city on business stopping at the Alberta.

A. A. Cameron, of Winnipeg, is in the city on business a guest at the Castle.

D. J. Neilson, of Winnipeg, is in the city on business a guest at the Windsor.

H. E. Clark, Vancouver, is in the city on business, stopping at the Windsor.

J. L. Turner, St. Paul, is in the city on a vacation trip, is a guest at the Castle.

G. K. Kelly, Wetaskiwin, is in the city on business a guest at the Penderon.

M. E. Smith, Smith Falls, Ont., is in the city on a vacation registered at the Windsor.

F. Prater, Fort Saskatchewan, is in the city on business.

Mr. and Mrs. W. F. Brelin have returned from a trip east and are guests at the Alberta.

J. H. McIntosh, of the G. F. Stephens Company, Calgary, is in the city, a guest at the Windsor.

G. A. Duff, of Toronto, is in the city on important business, and is registered at the Queen's.

G. E. Buck, of the C. P. R. telegraph service, Calgary, is in the city on business.

Geo. Middleton, Winnipeg, representing the International Harvester Company, is in the city on business.

P. W. Anderson, the chief clerk of the Audit Department of the C. P. R., is in the city on business, a guest at the Windsor.

R. Liggins, Lehigh, is in the city in connection with the lumber combine of the city.

W. B. Heddie, Vancouver, is in the city on a flying trip to look after some lumber interests, a guest at the Windsor.

C. J. Mahor, resident engineer at Calgary, of the Dominion Department of Public Works, is in the city stopping at the St. James.

J. F. McNeil, manager of the International Harvester Company at Calgary, is in the city on business, a guest at the Windsor.

G. L. Mitchell, Winnipeg, representing the prominent pack packing firm of Mitchell & Sturgeon, is in the city stopping at the Alberta.

M. E. Mitchell, of the Seventh street, left yesterday to visit his parents in New Hamburg. On route she will visit her brother in Chicago. J. Boumer, Ph.D., of Chicago university.

TWO FINE STALLIONS.

Robert Smith, the well known Edmonton auctioneer, received this week by the C. P. R. two fine stallions from Wm. McMullen of Mount Forest, Ont. Senator McMullen, the two horses are of the best pedigree and individual merit. Hints of the horse is an imported Kentucky stallion. When a colt he was sent to England, and has never been known to lose his superiority. The horse is a standard bred stallion and is imported Kentucky and a specially imported Kentucky mare. The horses sold in the long journey well in excellent condition after their long trip from Ontario.

BAAZAR NEXT WEEK.

The grand bazaar to be given on Tuesday, Wednesday and Thursday of next week in the separate school hall in aid of the Church of the Immaculate Conception promises to be an immense affair. The various committees in charge are actively at work and a number of novel features have been planned. His worship the mayor has promised to open the bazaar on the first night. Mr. Justice Beck will open it on Wednesday and Mr. Wilfrid Gariepy on Thursday. Lagoupy's orchestra has been secured for the occasion and Emanuel Dainmont, the brilliant young Belgian violinist and pupil of Ysaye, will be heard in several violin selections.

A banquet for the public will be a feature of the opening night.

EXCITING RUNAWAY.

What looked like a dangerous runaway was averted last night at the Jasper avenue just at the time when the street was crowded with the driver and persons hurrying home from business. A team belonging to the late George H. Hiley, who was killed by a young man named Ross, dashed eastward along the street, and the driver and the wagon away wildly. The plucky driver vigorously attempted to hold the frightened animals and miraculously guided them through the crowded street. Passing the Alberta hotel the front axle broke, thus freeing the front wheels, and the driver was thrown. The team turned down Grosvenor street, colliding with a telephone pole, where they stopped and were captured by Constable Haig. All four men and team escaped without serious injury.

The meeting of the Catholic young men which was to have been held last night was postponed till Thursday evening at eight o'clock.

Roosevelt Play Fair.

Washington, Nov. 20.—President Roosevelt has given orders that no Federal officer must go to the Bureau of Indian convention as a Roosevelt delegate.

CONDITIONS IN EAST.

By way of pleasing variety from recording the vague impressions of "ships that pass in the night" men of more or less note yesterday said a day or two in Edmonton, the ubiquitous reporter yesterday tackled Duncan Marshall on his return from a stay of several weeks in Ontario, and presented a request for comparative statements from one qualified to speak on the subject.

The conditions in Ontario he described as somewhat better in Edmonton, though the autumn rains had somewhat disorganized the country. "As to the harvest it was very much as in Alberta. Some districts suffered from short crops; others, as in Bruce County, had a good average crop. To effect any surplus in the harvest, however, the farmers are getting record prices for their crops. Oats in Bruce County are selling at 60 cents a bushel, and while this has been an excellent year for apples, with a bumper crop the prices are running high, from \$2 to \$2.50 a barrel in the orchard. This is due to the failure of the American apple crop."

How did the living expenses compare with expenses in the western provinces? "As far as I could see in a brief stay in Ontario," inquired the reporter. "Toronto is quite as high as in Edmonton. With the increase in the price of necessities in the east, their criticism of western prices has lost its force. The fact is, however, more is expected to lower house rent in Toronto, however."

Ontario's New Leader.

"How did political conditions appear in Ontario?" "The outstanding feature of this year is the aggressive and effective campaign being carried on by Hon. A. G. Mackay, leader of the opposition. He is on a tour of the province now, and everywhere he went, I think, he has won the admiration of the people, strengthening his former reputation for ability. He is regarded as probably the ablest public man in Ontario politics."

His policy of a reform was very much needed and of great merit the approval of the people. In what light do the eastern view Edmonton?"

"In my opinion, Edmonton is the most widely discussed of western cities, and apart from the few chronic critics against western prosperity, people in the east expect great things for Edmonton. The city can scarcely visit a town or hamlet in Ontario without meeting a host of admirers."

It is only to be expected, however, that the fact is not so impressive when it is borne in mind that a number of easterners intend to come out to the Dominion and that they will be well met by Edmonton and other western points before they return."

"I am sure," the reporter believed, "you know."

RAILWAY WORK IN THE WEST.

"Grading work on all the big railroads in the West is going on at a rapid pace," said Dr. Chamberlain, Winnipeg, Inspector of Health in the Public Works of Manitoba, Saskatchewan, Alberta and British Columbia, who is on his way to a Bulletin representative yesterday.

Dr. Chamberlain is general superintendent over the resident doctors in public health and is in progress. The physicians are paid by a weekly allowance taken from each employer's wages.

Railway work over which Dr. Chamberlain has supervision has been going on during the summer on the C.P.R., C.N.R., C.P.R. and Great Northern.

A Favorable Year.

"The year has been a favorable one with regard to camp conditions, and required much less modern than last season. The cause has been the cool season and good weather. Typhoid and smallpox have been less, and no serious epidemic has taken place. In Saskatchewan there have been a large number of cases of typhoid, the cause of which is unaccountable as the water is good in that locality."

Track Laying Will Continue.

Though grading operations are to be discontinued this week and the men will go into winter quarters, track laying will not stop till the snow flies. Men are now being laid off and many will go to the lumber woods for the winter, while others will be out of employment."

"Work will be commenced early in the spring if the weather opens early. Last summer work would have commenced in April, but it was not started until May."

To Continue Mountain Work.

But any work will go on at a slow pace during the winter on the C.P.R. and Crow's Nest Pass lines. A lot of rock cutting will be necessary in getting through the mountains."

Little work is also done in shortening their line and getting a better grade near Swift Current and Calgary, and on this work 1,200 men have been engaged."

The C.N.R. have almost completed the line between Brandon and Regina, thus giving them a continuous land of steel to Port Arthur.

The C.N.R. are also working west of Saskatchewan through the Goose Lake country, ostensibly to reach Calgary.

THROWN FROM DRAY.

Robert Becker, a teamster in the employ of Hardisty Brothers, was the victim of a painful accident last night, and is today a patient at the St. James. He was driving a horse when he was thrown from a dray he was driving, and a heavy vehicle passed over his leg, bruising it badly just above the knee. The unfortunate man is a resident of Edmonton, and a young man about 25 years of age.

LINE INTERVIEWS

R. R. Keely, city engineer—"We have located the best site for the new power house at the Gilbert property in the city, recently purchased by the city. It will be an admirable location with plenty of coal right on the ground. It is not probable that construction will start until the end of the year with the C. N. R. the supplies must be hauled to the spot during the winter. When the city electric car system is completed, the power will likely be run to the power house."

GERMAN MEETING.

A meeting of the German residents of the city was held in Miller's Hall Monday. The hall was crowded to the doors. The meeting was very enthusiastic. G. Koerner, editor of the German Herald, was chairman. The meeting endorsed the platform of the East End Ratepayers' Association and gave Dr. Laine, John Garbath and G. S. Armstrong, east-end candidates, a good vote. His address of resignation was also presented and was exceptionally well received. His address of resignation was also presented and was exceptionally well received. His address of resignation was also presented and was exceptionally well received.

THE WEATHER.

Fair, mild weather has prevailed in the west, with temperatures in the western provinces of 50 and over were recorded in southern Alberta and Saskatchewan. The night falls of rain or snow have occurred in parts of Saskatchewan and the prairie provinces.

Forecast—Increasing colder with light local snow or sleet.

The record of temperatures in the various centres yesterday was as follows:

	Max.	Min.
Edmonton, fair, cloudy	43	22
Calgary, fair, cloudy	40	24
Winnipeg, cloudy	38	24
Regina, cloudy	38	24
Swift Current, fair	30	28
Medicine Hat, clear	34	20
Port Arthur, cloudy	36	22

AT THE HOTELS.

Cecil-C. David, Peter Point; P. W. Anderson, Calgary; Geo. Middleton, Winnipeg; A. P. Briggs, city; W. T. Stewart, Elmaville; T. J. Morton, Calgary.

CHRISTMAS SUGGESTIONS

If you are in doubt as to what to buy for Christmas presents visit to our store would satisfy the most fastidious taste. Our stock is now complete, and our clerks will be pleased to show you it. You needn't feel under any obligation to buy. We would be pleased to set aside any article until Christmas. No charge for bagging.

"The year has been a favorable one with regard to camp conditions, and required much less modern than last season. The cause has been the cool season and good weather. Typhoid and smallpox have been less, and no serious epidemic has taken place. In Saskatchewan there have been a large number of cases of typhoid, the cause of which is unaccountable as the water is good in that locality."

Track Laying Will Continue.

Though grading operations are to be discontinued this week and the men will go into winter quarters, track laying will not stop till the snow flies. Men are now being laid off and many will go to the lumber woods for the winter, while others will be out of employment."

"Work will be commenced early in the spring if the weather opens early. Last summer work would have commenced in April, but it was not started until May."

To Continue Mountain Work. But any work will go on at a slow pace during the winter on the C.P.R. and Crow's Nest Pass lines. A lot of rock cutting will be necessary in getting through the mountains."

Little work is also done in shortening their line and getting a better grade near Swift Current and Calgary, and on this work 1,200 men have been engaged."

The C.N.R. have almost completed the line between Brandon and Regina, thus giving them a continuous land of steel to Port Arthur.

The C.N.R. are also working west of Saskatchewan through the Goose Lake country, ostensibly to reach Calgary.

THROWN FROM DRAY. Robert Becker, a teamster in the employ of Hardisty Brothers, was the victim of a painful accident last night, and is today a patient at the St. James. He was driving a horse when he was thrown from a dray he was driving, and a heavy vehicle passed over his leg, bruising it badly just above the knee. The unfortunate man is a resident of Edmonton, and a young man about 25 years of age.
